CONFESSES THAT HE BETRAYED GIRL

John C. Wyman, Wealthy Retired Farmer and Church Elder, Denies He Killed Gertrude Hanna

HOOPESTON, ILL., MYSTERY

After Two Days of Constant Quizzing Wyman Admits Relationship—Accused by Girl's Sister

(By United Press)
Hoopston, Ill., Apr. 29.—John C. Wyman, wealthy retired farmer and church elder, confessed today that he betrayed Gertrude Hanna, who was found murdered in the basement of the United Presbyterian parsonage here.

"But I did not kill her," shouted Wyman. "Before God I say I didn't."

Wyman, 35 years of age and haggard after two days of constant quizzing, stuck to that story until dawn when he was let go in the custody of police. No charges have been lodged against the man.

The third degree was given Wyman throughout the night by Sheriff Knox and John H. Sunan, state's attorney. The United Press correspondent was allowed to be present at the examination which was held in a stuffy room above the fire department station.

"I met Gertrude Wyman when we attended church together years ago. We were friends even then. But she went to Chicago to live, after which I met another woman whom I afterwards married. That was two years ago. Mrs. Wyman died since."

"One Sunday Gertrude came back to Hoopston. I met her at the church and we took a long stroll in the country. I confessed my love to her but she told me to forget it. 'I am no longer worthy of you,' she said and started to tell me of her misdeeds in Chicago. That she had been tempted and had fallen."

"I stopped her," he said. "Gertrude it matters not what you have done, no matter how bad you have been, I have been many times worse."

"It was shortly after that I went to live with her folks. I was tempted and so was she. Last October we fell. I wanted to marry her, but she refused. We severed relations. That's all I know."

"Before God, I repeat, I did not kill the girl."

"You remind me of Tom Tucker who got kicked out of hell for lying," shouted the state's attorney.

The sheriff entered with Grace and W. T. Hanna the girl's father. During the intensive quizzing which followed, Wyman kept his eyes glued to the floor.

Grace, the year or two younger sister of Gertrude, pointed an accusing finger at Wyman. "You did it,"

MORRIS EDWARDS DIES AT MANILLA

Young Basketball Player Expires This Morning After Ten Days Illness With Typhoid Fever

MANILLA GRADUATE OF 1921

Morris Edwards, age twenty years, died at the home of his parents, Mr. and Mrs. Edward Edwards, in Manilla this morning at 7 o'clock. Death came following an illness of ten days. He was afflicted with typhoid fever and respiratory paralysis developed, which combined with the fever, caused his demise.

Young Edwards was universally liked in Manilla and vicinity and was a promising young basketball player. He was graduated from the Manilla high school, where he was a star on the team, at the spring commencement last year. During the recent basketball season, he played with the Arlington Athletic club.

The deceased is survived by his parents, one sister, Miss Fay Edwards, who is an instructor in a college in West Virginia, and three brothers, Wallace of Indianapolis and Charles and Arthur of Indianapolis.

The funeral arrangements had not been completed today.

NO SERIOUS DAMAGE DONE

Another Frost During Night When Mercury Falls to 30 Degrees

Another noticeable frost took place during the night, and the mercury fell to 30 degrees, which is two below freezing, but it is not believed that any serious amount of damage resulted from the frost. Elwood Kirkwood, county observer, stated that no serious damage had resulted to the berry crop or fruit. The frost had nipped some of the buds in the highest peaks of the trees, but he is confident that there are still plenty of buds which are untouched, and unless an extremely heavy frost comes, the berries and fruit will be saved.

The weather indications for tonight and Sunday are fair and slightly warmer.

MAY COURT TERM TO OPEN MONDAY

Grand and Petit Jurors Are Selected and Preparations Made For New Term

CROWDED DOCKET INDICATED

Session Will Last Six Weeks and Court Will Then be in Vacation Until September

Everything is in readiness for the opening of the May term of court on next Monday morning, when the circuit court will convene for a six weeks session, which will be followed by the annual summer vacation until September first.

There is considerable business rushed into the term as a rule, because the court generally likes to dispose of as many cases as possible, in order to lessen the large number which accumulates during the summer months.

On Monday the morning is set aside for calling of the dockets and issues, and on account of Tuesday being election day, there are no cases set for trial.

Both the grand jury and petit jury have been selected, but it is not very probable that the grand jury will be used during this term, because it is generally convened every other term of court.

The twelve names who will constitute the regular panel for the petit jury, are as follows: Charles W. Hinkle, Frank Capp, Joel G. Carson, Lucien B. Miller, Alvan Moor and Will Inlow, all of Rushville township; Elmer Spurgeon and William B. Crane, Anderson; Albert L. Canady, Washington; Elsworth Kiser, Jackson; Thomas Ertel, Center; Oliver Offutt, Posey.

The six grand jurors who are to be subject to call if needed, are Howard Mull, Walker; William M. Blackledge, Union; Jesse M. Stone, Ripley; Morrison Beaver, Greeley P. Mauzy and William A. Alexander, Rushville.

The two weeks of the new term are crowded with cases and unless they are continued, dismissed or compromised, the indications are that the jury will see service frequently. The following is the court calendar for the first two weeks:

May 1—Calling docket, and issues.
May 2—Primary election.
May 3—Huddleson vs Huddleson; Phillips vs Stevens, est.
May 4—State vs Archey (2 cases); Williams vs Keaton, est.
May 5—State vs Myers; Beckett and Duncan vs Wertz est.
May 6—Moore vs Moore; Moore vs Moore.
May 8—Henderson vs Borders; Central Co. vs Robbins.
May 9—Marshall vs Edwards; Smith vs Pea, est. (2 cases).
May 10—Kirklin vs Parrish; Citizens bank vs Robbins; Aultman vs Robbins.
May 11—State, ex rel McMichael vs Drysdale; Bussard vs Robbins.
May 12—Aberrombie vs Beaver; Smith vs Archey, est.
May 13—Jacobs vs Jacobs; Alsman vs Alsman; Jones vs Jones.

CANDIDATES IN THE FINAL DRIVE

Wind Up Campaign For Votes In Primary Election Which Will Be Held Next Tuesday

HUNDREDS OF ABSENT VOTERS

Everything Points to Light Vote Due to Lack of Interest—Right to Vote Defined.

Candidates were engaged today in the final drive for votes at the primary election which will be held next Tuesday. No extraordinary interest has been shown in the forthcoming election and it is not predicted that the vote will be heavy. Many farmers will stay at home, it is believed, because of the delays they have suffered in their spring work.

The precinct election officers have been appointed and the machinery is all ready for the voters to walk into the booths. Several hundred voters have taken advantage of the absent voters' law to cast their ballots in the primary, it was said at the office of the clerk in the court house. Loren Martin, the clerk, said that it was impossible to estimate anywhere near the number of ballots which have been sent out under the absent voters law. Tonight will be the last opportunity to get an absent voters' ballot.

Election officials have called attention to a recent opinion from a member of the state board of election commissioners on the right to vote at the primary as affected by party affiliation. The opinion follows:

"Section 10 of the primary election law of 1917, holds in part that, when a voter is challenged on the ground of party affiliation, he shall not be permitted to vote unless he shall make affidavit that 'at the last preceding general election he affiliated with the party for whose candidate he proposes to vote in such primary;' that he voted at the last general election for that party, and that he intends to support and vote for the nominees of this party at the coming election."

"The statute further provides that qualified voters who did not vote at the last general election, and first voters may vote after challenge if they make affidavit that they intend to vote for a majority of the nominees of the party whose ballot they have requested."

"The affidavits above mentioned, if falsely made and sworn to, would make the affiants subject to the criminal statutes of the state relating to perjury."

TO ATTEND THE STATE ROUNDUP

Two Jackson Township Boys, Richard Newhouse and Gale Oldham, Are Winners of Litter Prizes

GIVEN BY THE PEOPLES BANK

Will be Among 1500 to Take Part in Club Work at Purdue Next Week—8 Girls Also to Attend

Richard Newhouse and Gale Oldham of Jackson township, winners in the Sow and Litter and Gilt clubs respectively, will attend the State Club Roundup at Purdue next week, when approximately 1500 boys and girls who are leaders in the Hoosier club army of over 25,000 will go to Lafayette as a reward for their excellent records made last year, their trips in many cases being the prizes won.

In the case of the two Rush county boys, their expenses are paid by the Peoples National Bank and the Peoples Loan and Trust Company, who offered the trip as the reward.

Mrs. Oscar Rees will act as chaperon for eight girls who were members of the Union township Sewing Club, and the Glenwood State bank is paying the expenses of the trip for one of these winners and the Union Township Farmers' association is financing the expense of two others.

As in other years the roundup will resemble an intensive week of school work for the club members with plenty of entertainment thrown in. Judging contests for both boys and girls will be a big feature throughout the week. The girls will engage in garment, bread and canned products judging, while the boys will compete in corn, livestock and egg judging. In addition to these judging contests the girls demonstration teams will engage in a canning demonstration and a seed corn demonstration will be given by boys in the vocational class at the Stockwell High School. The Greenfield vocational class will give a potato treating demonstration. Demonstrations of various kinds relating to home making with the girls and livestock care and management for the boys have been scheduled to be given by instructors and extension workers.

Addresses will be few and far between, most of the work coming in the form of contests and demonstrations. Director G. I. Christie of the Agricultural Experimental Station, Dean Stanley E. Coulter, and Z. M. Smith, state club leader, are

On Tuesday night, a sacred concert will be given by the choir of DePauw University, led by Dean McCutchan, and assisted by special talent from the DePauw University School of Music. This is the superb choir that furnishes the music at Bay View every summer.

SOCIALIST CONVENTION.

Cleveland, Ohio, April 29.—Socialists party leaders of America gathered here today in a national convention. Important deliberations were held up at the outset pending definite word from Eugene V. Debs in Terre Haute who had not yet arrived for the meeting. In a message to the convention, the former Socialist president promised to make every effort to attend, if his physicians permitted. At the earliest, Debs is not expected before tomorrow.

TO GIVE A SERIES OF LECTURES HERE

Dr. E. L. House Will Speak Twice a Day For Two Weeks, Beginning May 14, at Local Churches

PSYCHOLOGIST, LECTURER

His General Theme Will be "The Psychology of Religion"—Brought by Ministerial Assoc.

Dr. E. L. House, psychologist, minister of the gospel and popular lecturer, has been engaged by the Rushville Ministerial association to give a series of addresses here on "The Psychology of Religion," beginning Sunday, May 14 and continuing until Friday, May 26.

He will speak twice each day—at three o'clock in the afternoon and at 7:45 in the evening, and will close his engagement here by delivering the commencement address at the closing exercises of the Rushville high school at the Graham Annex auditorium on Friday evening, May 26. He will speak in St. Paul's M. E. church the first week and during the second week, beginning Sunday, May 21, he will be at the Main Street Christian church.

Dr. House is a graduate of Harvard and Boston universities and has devoted twenty-five years to a study of the subject which he will discuss in the series of lectures. He has a message for the scholar and thinker, it is stated, and having mingled with business men and preached to the masses, he understands how to make a subject plain and virile.

Having served the pulpits of many of the best churches, he is said to understand the work of the minister and the pew and brings a message of helpful inspiration to both alike. His books and booklets have been sold throughout many editions. "The Psychology of Orthodoxy," has been adopted by the M. E. church for its Deaconess training course. Dr. House has been in the lecture platform for many years, speaking twice a day on an average. Church and press acclaim him as one of the best leaders and speakers on the American platform.

No admission fee will be charged, but a silver offering will be taken after each lecture. His program of lectures here includes the baccalaureate sermon to the high school

SPRINGERSVILLE BOY THOUGHT TO BE THIEF

Norris Chambers, Age 18, is Believed to Have Stolen Automobile From John Knecht Here

DISAPPEARED LAST SUNDAY

Connersville, Ind., Apr. 29.—Local authorities believe that the automobile which was abandoned by Norris Chambers, near Henryville, Ind., 20 miles north of Louisville, Ky., last Monday, is the property of John Knecht, automobile dealer of Rushville. Chambers, who is the 18-year-old son of Mr. and Mrs. Edward Chambers of Springersville, disappeared from Connersville last Sunday and was last seen by the Henryville authorities when he escaped from the abandoned car.

According to information received here, Robert Humes, chief of the state automobile police, has traced the ownership of the car and has found that it belongs to Mr. Knecht. When the latter was told that his car had been recovered he stated that he had lost none of his cars, but a check of the stock on hand revealed the fact that one had been stolen.

The state police traced the ownership of the car by applying to the factory, using the engine number. It is believed that the car was taken about three weeks ago.

No trace of young Chambers has been found, Chief Koch stated today. It is believed that he went to Louisville, Ky. The license on his machine was stolen from W. A. Nieheit of Pennville, Ind. No certificate of ownership was in the car.

The Old Richland Academy

Educational Institution Thrived from 1856 Until Civil War, When Debts and a Leaky Roof Caused Its Fortunes to Fluctuate, Due to Principal and Many Students Joining Army—Included Not Only Common Branches, But Course in Natural Sciences, Mental and Moral Philosophy.

By A. M. TAYLOR

While other institutions of the state of Indiana were taking on efficient state-wide organizations, the schools, under the ruinous idea of local self-government struggled hopelessly with unequal lengths of term, incapable teachers, diversity of text books, and lax enforcement of school laws and school discipline. Save in exceptional cases where men of wide vision chanced to get in control, the public schools were but jokes. The churches, despairing of any relief from the public schools, attempted to solve the problem of popular education and almost every preacher became a teacher. Local sectarian seminaries or academies were erected in many parts of Rush county and the state of Indiana.

Of all the old time schools which aided in extending the fame and name of Rush county during the fifties and sixties, none, perhaps, exerted a wider influence than Richland academy. Its establishment was brought about by the Rev. A. S.

Montgomery. He was preaching for an associated reform congregation at Clarksburg and extended his field of labor to Richland township where there was a number of families of that faith. The village of Richland had been platted in December 1854 and its citizens were ready to encourage any worthy enterprise that promised to aid the growth of their town.

A proposal to set up an academy, therefore, received prompt support and substantial aid. Stock to the amount of \$2,000 was subscribed. The Richland Academy association was organized and until a building suitable for academy purposes could be erected, school was opened in the Old Style Presbyterian church at Richland. Most of the subscribers to the project were residents of Richland township, but some were from Noble township and some from the neighboring county of Decatur.

Though steps were at once taken for the erection of the building, the academy edifice was not completed

HALF SPRING PIGS DIED

Cause of the Deaths in the State is Not Certain, Says Bryant

(By United Press)
Indianapolis, Ind., April 29.—Half of the spring pigs in Indiana have died, this year according to George Bryant, department of agriculture representative in Indiana.

He said the cause of the deaths is not certain. Some veterinarians believe it is pneumonia. Others believe it was caused by feeding the sow too much corn containing too little protein and still others believe it was caused by feeding the sow too much protein foods.

Many of the pigs were dead before they were born.

Picturesque Sight.

One of the most picturesque sights in the world is the elephants at work in the city of Rangoon, at the mouth of the Irrawaddy river, where the logs arrive. At Rangoon the logs float in at an undisturbed inlet. Here they are released from their inclosing boom chains. Then elephants take the logs out of the water and pile in the mill yards such logs as are not required for immediate sawing, and which may need to be stored for one or more years.

Things you want to know about Corona

1. Corona weighs only 6½ pounds. It folds and is carried in a neat, strong case which is included with each machine.
2. Corona has all the latest improvements, such as visible writing, universal keyboard, two-color ribbon, back spacer, margin release, platen release, shift lock, paper release, marginal stops, etc.

\$2 down brings you this Corona

SEND us no money today. Simply write your name on the coupon below, and mail or bring it to the Corona store. We will then demonstrate to you, without obligation on your part, this wonderful 6½-pound folding typewriter. When you have seen Corona, written on it yourself, lifted it in one hand, compared its work with that of any \$100 machine on the market, then pay only \$2.00 down and small monthly payments until you have paid \$55 in all. Or if convenient, pay \$50 cash.

Nearly half a million Coronas now in use

BUSINESS men keep Corona at home and call it their “private secretary.”

Salesmen carry it on the road and save time and stenographic hire.

Doctors, lawyers and merchants use it for office work in preference to heavy “standard” typewriters. Clergymen coronatype their sermons—teachers and professors their schedules and papers—students in every university in the land are turning in neater notes and essays since Corona came.

Women use Corona for their personal correspondence. Children are learning to do neat, beautiful coronatyping; invalids are finding it a delightful companion for the long, weary hours. Almost every well-known author, newspaper correspondent, playwright and scenario writer owns a Corona.

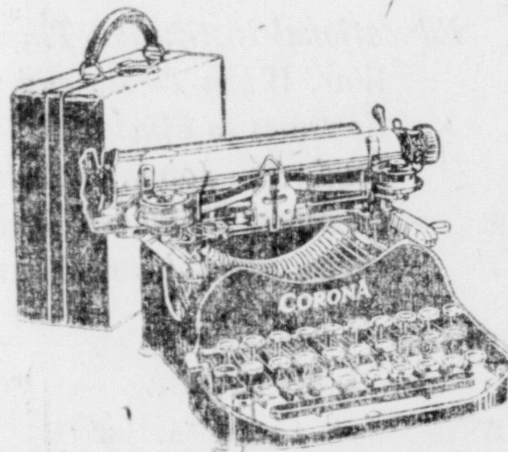

The sturdiest of all typewriters

People who do not know, are apt to think that a typewriter weighing only 6½ pounds can't be as strong as a heavy cast-iron machine.

But the fact is that no typewriter in the world has proved itself able to stand the punishment Corona has taken during its 16 years of service.

All through the war, thousands of Coronas were in use on every battle front. Almost every war correspondent carried his Corona.

The secretaries of the welfare organizations were Corona-equipped and some thirty thousand more Coronas traveled with the American Army. The typewriter for home use should be simple, sturdy, “fool-proof”—and Corona has proven that it has these qualities.

Small monthly payments

Even though Corona costs only half what you would pay for a big “heavy” machine, you need not pay for it all at once. The small monthly payments of \$5 each will hardly be missed, and, almost before you realize it, Corona will be fully paid for.

And all the time you are paying, you will have the use of Corona—in fact, you can very easily do extra work with this little typewriter which will pay for it several times over!

We are authorized distributors for the Corona Typewriter Company, and we stand behind every Corona we sell. And behind us is the Corona factory which has built and sold nearly half a million Coronas.

Free service to Corona owners

Although a Corona seldom gets out of order you like to feel that you can get service when you need it. At any Corona store you can buy your ribbons, carbon paper, etc., or have any needed adjustment made.

Every Corona is warranted and carries with it a year's free service.

A "God's Acre" on Each Farm

A plot of ground—God's Acre—to be set aside on every Indiana farm this spring, to be planted in life-giving grain—food for the hungry babes of the Bible Lands—is a plan suggested by the state committee of Near East Relief.

"God's Acre" will be happily named according to the relief organization because the grain it produces will succor the children of the oldest Christian nation in the world. In presenting the idea to agriculturists the relief committee announces that Indiana farmers in the recent grain appeal gave 107,000 bushels of corn to feed the starving orphans of Armenia and other Bible Lands of the Near East.

State Chairman Ed Jackson suggests that the boys and girls of the farm who sympathize with those other children in stricken lands might find it a pleasing task to de-

vote some of their time to helping cultivate "God's Acre."

To the farmers of the state Mead A. Kelsey, secretary of the relief committee, makes the following statement: "While it is sincerely hoped and expected that the condition of the adult population in the Near East will be greatly improved the coming year, 100,000 or more children will have to be cared for during the next winter and until they are prepared for self-support. This is the continuation work and by far the most important in its bearing upon the future of the race we are seeking to save."

Relief headquarters, 403 City Trust Building, Indianapolis, would like to have the address of all agriculturists or others who will devote a little ground to the raising of life saving grain.

Postoffice Chicken Fans

Postoffice employees have become chicken fans.

Nights when their work is done they pour over books on poultry raising. The question that has assailed them is this: How can you keep a day-old chick alive for at least three days? Not two days, nor two days and a half, but three days. Three days is a long time in the life of a spring chicken.

From the office of the second assistant postmaster general in Washington comes the report that complaints have been coming in the sudden termination of the earthly sojourn of one-day-old chickens shipped in the mails. Now, postoffice employees have minute instructions on the anatomy of chicks—young and old. It seems that chickens demand treatment that positively has technique about it. One-day chickens, the order says, should not be fed enroute, should not be placed near hot pipes or stoves, should not be roughly handled, should not be turned bottomsides up, should not be placed in a draft.

The young girl teacher raised her two clenched fists high above her head and cried, "Please if you killed my sister, tell us. My mother is dying at home."

Wyman repeated in a droning voice, "Before God I didn't. Before God I didn't."

"Did not Gertrude plead with you for an engagement ring and didn't she threaten to bring you in court

and force you to acknowledge a child," Grace demanded.

"I wanted to marry her," he contradicted.

Edited By Miss Edna Krammes

The Woman's Council will meet Monday night at 7:30 o'clock in their regular monthly session. The meeting will be held at the Callaghan store.

A large crowd attended the radio concert and dance given at the K. of C. hall Friday evening. Miss Martha Winkenhof and Fred McGinnis furnished splendid music for the dancers.

There will be a call meeting of the Psi Iota Xi sorority Monday evening at 7:30 o'clock at the home of Miss Mary Louise Wyatt in West Third street. As business of importance will be transacted at this meeting, all the members are urged to be present.

The Progressive Boosters class of the First Baptist church will hold a monthly business meeting in the basement of the church Monday evening. The hostesses will be Mrs. Gilbert Palmer, Mrs. Clarence McMahon, Mrs. Ambrose Gohring and Mrs. Roy Saunders.

Mrs. John Tittsworth was leader of the regular meeting of the Delphian Society held Friday afternoon in the Elks club room. The subject for discussion at this meeting was "Greece." The leader gave a very interesting talk on "The Agora and Houses" and was followed by the following talks: "Clothing and Food," Mrs. Will Norris; "Women," Mrs. Fred Bell; "Childhood and Early Education," Mrs. J. V. Young; "The Citizen and Amusement," Mrs. Louis Lambert; "Worship and Festivals," Mrs. Chase Manzy.

meeting for the guest meeting to be held next Friday evening, May 5, at 7:30 o'clock, at the home of Mrs. H. V. Logan in North Perkins street. Associate and active members are entitled to bring one guest. At this meeting Mrs. Demarchus Brown will lecture on "Greece."

A district meeting of the Daughters of Rebekah of Rush, Shelby and Decatur counties was held in the I. O. O. F. hall in Greensburg Friday afternoon at two o'clock. Mrs. Will C. Ehrhardt of Greensburg, who is the district president, presided at the conference. Reports were received from the lodges and other business matters transacted.

At six o'clock a dinner was served in the Eagles Hall by the Woodward church of Greensburg, to the visiting lodges. Last evening at 7:30 o'clock the degree team of Carthage exemplified the work on a class of candidates and the local I. O. O. F. orchestra furnished delightful music. Delegations were present from Millroy, Arlington, Shelbyville and Westport. Mrs. Eva McDaniel of Shelbyville, state president, and Mrs. Emily Wedgewood of East Chicago, vice president, were among the visitors.

CONDITION VERY GRAVE

Mrs. Charles A. Frazee, who has been in a serious condition for several days, suffering from goitre, was reported this morning as showing very little improvement, and her condition is said to be very grave.

Buttercup Seeds as Food.

The seeds of the buttercup are so small that we would scarcely think of them as a source of food for human beings; yet it is said that the Indians formerly gathered them for that purpose. At first thought, collecting them in sufficient quantity would seem like an almost endless task. But after one has seen them growing as thickly as grain—as in the cases above referred to, for instance—the situation takes on a new light.—Los Angeles Times.

AMUSEMENTS

Marie Provost at the Princess.

Marie Provost plays "the ugly duckling" for the first part of her newest Universal, "Nobody's Fool," which comes to the Princess Theatre again today. But the pest of Barton College came out of her shell-rimmed glasses under the influence of inherited wealth. And Marie Provost was never enter, more alluring than as the social butterfly in this snappy comedy-drama of romance.

In addition to this feature picture, the patrons also will be treated to a double bill, which includes a comedy with Snooky, the human ape as the central figure and which is said to have pleased the crowds last night, when the initial showing was made.

The two acts of vaudeville which will be on the program again today are of the highest class, and those who attended last night, say that the entire program is above the average.

Cow Boys Are Now Scarce.

Reports coming from the West are to the effect that there is an increasing dearth of the genuine hard riding and tough necked brand of cowpunchers. There was a time in the memory of some of the older of movie lovers when real honest to goodness cowboys who could tell of General Custer and the old regular army battles with the Indians, were as common as house flies in the summertime.

But alas, time has taken its toll in cowboys as it has in most everything else. This dearth of range riders has been severely felt in the realms of movie makers and when Colonel William N. Selig produced the photoplay, "The Struggle" in which Franklyn Farnum is to appear at the Mystic Theatre today, he found that his greatest difficulty would be the securing of enough horsemen who could ride according to the old traditions of the plains.

At last, after scouring the ranges from the sage brush of Arizona to the ranches of the north, enough mounted men were collected together and shipped with their horses to Los Angeles where the picture was produced. The old riders of the plains were very similar to the old type of deep sea sailor in one respect; they loved their grog. Many a lone rancher has placed as much reliance upon his bottle as he did upon his bullet. While the bottle was an antidote for the treacherous red man, the bottle was an antidote for the insidious poison of the rattler.

POSTPONED

We have prevailed upon the Ford Motor Co., at the last minute, to postpone their program that we had advertised to take place today, Saturday, April 29, until a later date, so that we could hold the show at the same time we dedicate our new building.

To the Public, we wish to say that we want you all to get ready to attend our dedication which will be announced later, and at that time we will have the program advertised for today.

With only two more days for paying the spring installment of taxes, when the county treasurer's office opened for business this morning, there was outstanding approximately \$135,500, which means that tax collections will have to average \$67,750 a day if all of the spring installment is paid.

Collections Friday amounted to \$29,287.38, bringing the total paid during the spring period to \$415,489.37. It is estimated that there was \$550,000 on the duplicates to be collected by Monday night. The treasurer's office will be open tonight and Monday night.

Queer Turns In News

New York—Detectives found little trouble in trying to oust Mrs. Bridget Coyne from a house but they are perplexed about removing her 900 chickens.

Lyndhurst, N. Y.—Jury awarded John N. Stein six cents damages in suit for alienation of his wife's affections. "I'm satisfied," he told the judge.

Cave Man Stuff

BACK near the beginning of things, our prehistoric forebears would have perished from the earth if they had not understood the science of reading advertising.

The cavemen didn't know much about underwear, hair tonic or phonographs, but they did have to eat. The one who could follow the tracks of the game he hunted, or read the meaning of a twisted leaf or broken twig, was best off in life.

Then as now, the most consistent reader of advertising was best dressed, best fed and most contented.

There has been something of an evolution in advertising in the last few thousand years, but the principle is just the same.

The consistent reader of the advertisements is invariably best informed on what to eat and where to get it; what to wear and how much to pay for it; what to do and how to do it. He's up on the most important things in life. Consequently he gets most from life.

Throughout the ages, advertising has done much to make life livable and pleasant. We owe it much.

Let's make the most of it.

WAR MOTHERS TO BE ACTIVE IN CAMPAIGN

Will Throw Full Strength in Races To Elect Candidates Pledged to Non Militaristic Policies

TO SALVAGE THE LEAGUE

(By United Press) Indianapolis, Ind., April 29—American War Mothers will throw their full strength into the congressional and senatorial races in every state this year to elect candidates pledged to non-militaristic policies.

The basis of their plea will be to salvage the League of Nations in the United States.

"All of the allied nations are in this league except us and we feel that we are exposed to possibilities of war as long as we remain outside," declared Mrs. Alice M. French, founder of the American War Mothers, in outlining the plan here.

"We will put this most vital question up to all candidates irrespective of party affiliation."

Mrs. French and other war mothers will go into every congressional district in every state, she said. They will work among all women who had sons in fighting forces of the United States during the war, regardless of whether they belong to the organizations.

Returning recently from a tour of Europe where she conferred with foreign war mothers, Mrs. French declared they had agreed the League of Nations was the strongest instrument of peace yet devised.

OLD RICHLAND ACADEMY

Continued from Page One

till late in 1856. The course of study included not merely the common English branches, but a thorough course in the natural sciences, mental and moral philosophy, higher mathematics, language etc. Miss Ballard taught the piano. The terms of tuition were \$6 in the primary department for the same period; \$8 for classical or German, with piano, \$11 extra and guitar \$8 extra. Boarding including room, lodging and food could be had either in the village or the country at from \$1.50 to \$2.50 per week. The dwelling next west of the school sheltered eight or ten young lady students and was called "The Nunnery."

The attendance the first year was 39 and steadily grew to 69 in the year 1859-60. Then the Civil War came on, spoiling all plans. When the war drums beat, Principal John McKee who had succeeded the Rev. Mr. Montgomery, laid aside his books. In August 1861, he recruited a company, which became company K, Thirty-seventh Indiana infantry, and half its members had been his students.

During and after the Civil war the fortunes of the academy fluctuated. Debt and a leaky roof seem to have troubled the trustees from the beginning almost to the end. At first salaries were paid the teachers, the salary, and part of the fees and then fees alone.

Among the successors of John McKee, as shown by the records, were Mrs. Margery A. Rankin, W. A. Pollock, the Rev. William Wright, J. C. Gregg, J. M. Craig, Robert Gracey and Robert Gillmore. The Rev. N. C. McDill, for many years pastor of the United Presbyterian church at Richland, also served as principal on two occasions to fill out unexpired terms.

On December 26, 1874, the trustees reported to the stockholders that the building was dilapidated, the furniture worn out, and the grounds almost a village common. In August, 1876, it was decided to lease the property for ten years to the township trustee. On June 24, 1884 it was decided to sell it to the highest bidder; but the sale was not effected until April 29, 1885 when the last board of trustees—D. M. McCorkle, president; James W. Anderson, Jacob Fisher, Alexander Shannon, George W. Boling and Dr. A. E. Graham, made a quit claim deed to James V. R. Fisher, township trustee, who during his term, tore the old academy down, and erected a two room public school building on the lot. The old Richland academy had served well its day and generation.

BITTER FIGHTS TO END TUESDAY

Spectacular Race of Senator Harry New and Ex-Senator Beveridge Will Close Election Day

PERSONALITY MAIN ISSUE

New Represents The Administration of President Harding and Beveridge His Own

(By United Press)

Indianapolis, Ind., April 29.—One of the bitterest factional fights that ever split Indiana republicans will fade out Tuesday when the curtain is rung down on the spectacular race of Senator Harry S. New and Ex-Senator Albert J. Beveridge for the senatorial nomination.

The pre-primary campaign has been replete with exposes, denunciations and attacks. Its main issue has been one of personalities.

New's personality represents the administration of President Harding. That of Beveridge is peculiarly his own. He says "on to prosperity." New says "we're headed now for prosperity." Both say railroad rates should come down.

Beveridge says he will stand by President Harding if elected. But his campaign has been in the nature of a crusade against things existing as they shouldn't be. On the other hand, New was one of the "big guns" in the Harding campaign, a close personal friend of the president and a colleague when they served together in the senate.

A New victory would constitute a vote of confidence in the administration. A Beveridge victory would be a revision to old bull moose tendencies in the republican party and a repudiation by Indiana of the Harding regime, it is believed.

It will be the first test of how "the folks back home" are regarding Harding and his program. Politicians the nation over are awaiting the returns from the primary.

The voters here aren't excited. Politics is talked in Indiana between campaigns and during campaigns and they're used to it. They listened momentarily today, however, when Mayor Lew Shank of Indianapolis, a Beveridge lieutenant said the republican regulars had refused to allow him a single precinct man in the voting.

COMPROMISE MADE IN 2 DAMAGE SUITS

Permission Granted by Court Here to Settle Anderson Estate Suits Against Big Four

COMPROMISED FOR \$5,500

Judge Sparks has granted two petitions in the circuit court in which a compromise can be affected in two damage suits filed in the Decatur circuit court, involving the death of Mr. and Mrs. James W. Anderson and their two children, who were killed in a crossing accident near Greensburg on July 28, 1921, when the machine in which they were riding was struck by a Big Four passenger train.

John W. Anderson, administrator of the estate, and also acting as guardian for Frank and James Robert the, two surviving children, filed the petitions asking permission of the court to compromise with the railroad company for \$5,000 for the estate and \$500 for the suit filed on behalf of the children. The two suits originally demanded \$10,000 each. The trial was scheduled in that court last Monday, when the railroad company offered to compromise, and Mr. Anderson, the administrator and guardian, petitioned the court here for permission to accept the settlement, which has been granted and the two decrees made a matter of record.

All the boys and girls will be invited to the annual egg barbecue which concludes the Purdue egg show every year. A number of other features have been provided and the round-up this year promises to eclipse all others.

ODDS ARE FAVORABLE TO NEW IN PRIMARY

Political Dopesters Bet Eight to Ten Senator Will Carry State by Majority of 80,000

BEVERIDGE MONEY IS SCARCE

Indianapolis, Ind., April 29.—Political dopesters here are betting eight to ten that Senator Harry S. New will carry the state by a majority of 80,000 at the Republican primary election next Tuesday. As the senatorial contest draws to a close there is an increased interest noticeable and while there does not seem to be a great deal of betting being done, the odds are favorable to New. Beveridge money seems to be scarce, however, according to a number of the "dopesters" who have been looking for it.

Even money is being placed that Senator New will carry nine of the thirteen congressional districts; that he will carry sixty-five of the ninety-two counties and that he will be renominated by a majority of 50,000 over his opponent. Eight to ten is being offered that he will carry eighty counties and will win by a majority of 80,000.

PAINS SO BAD WOULD GO TO BED

Two Women Tell How Lydia E. Pinkham's Vegetable Compound Stopped Their Suffering

Iron Mountain, Mich.—"I had terrible pains every month and at times had to go to bed on account of them. I saw your advertisement and took Lydia E. Pinkham's Vegetable Compound with very good results. I can work all day long now at my sick time. You may use these facts as a testimonial and I am recommending the Vegetable Compound to my friends."—Mrs. A. H. GARLAND, 218 E. Brown St., Iron Mountain, Michigan.
Xenia, Ohio.—"Every month I had such pains in my back and lower part of my abdomen that I could not lie quietly in bed. I suffered for about five years that way and I was not regular either. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women, so I decided to try it. It surely has helped me a lot, as I have no pains now and am regular and feeling fine."—Mrs. MARY DALE, Route 7, Xenia, Ohio.
Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments. It is especially adapted to relieve women. If you suffer as did Mrs. Garland or Mrs. Dale, you should give this well-known medicine a thorough trial.

To the Republican Voters of Rush County:

The undersigned are both candidates for renomination for the office of County Commissioner. We are now serving our first term.

It has been the party custom as far back as the memory of our oldest voters go to renominate our Commissioners for a second term. The office of Commissioner is one of great importance and the business connected therewith requires time and experience in order to become familiar with its duties.

We know of no reason why the long custom of the party should at this time be abandoned, and we respectfully ask the voters at the primary on next Tuesday, May 2nd, to give our candidacy for renomination favorable consideration.

CONFESSES THAT HE BETRAYED GIRL

John C. Wyman, Wealthy Retired Farmer and Church Elder, Denies He Killed Gertrude Hanna

HOOPESTON, ILL., MYSTERY

After Two Days of Constant Quizzing Wyman Admits Relationship—Accused by Girl's Sister

(By United Press)
Hoopeson, Ill., Apr. 29.—John C. Wyman, wealthy retired farmer and church elder, confessed today that he betrayed Gertrude Hanna, who was found murdered in the basement of the United Presbyterian parsonage here.

"But I did not kill her," shouted Wyman. "Before God I say I didn't." Wyman, 35 years of age and haggard after two days of constant quizzing, stuck to that story until dawn when he was let go in the custody of police. No charges have been lodged against the man.

The third degree was given Wyman throughout the night by Sheriff Knox and John H. Sunan, state's attorney. The United Press correspondent was allowed to be present at the examination which was held in a stuffy room above the fire department station.

"I met Gertrude Wyman when we attended church together years ago. We were friends even then. But she went to Chicago to live, after which I met another woman whom I afterwards married. That was two years ago. Mrs. Wyman died since."

"One Sunday Gertrude came back to Hoopeson. I met her at the church and we took a long stroll in the country. I confessed my love to her but she told me to forget it. 'I am no longer worthy of you,' she said and started to tell me of her misdeeds in Chicago. That she had been tempted and had fallen."

"I stopped her," he said. "Gertrude it matters not what you have done, no matter how bad you have been, I have been many times worse."

"It was shortly after that I went to live with her folks. I was tempted and so was she. Last October we fell. I wanted to marry her, but she refused. We severed relations. That's all I know."

"Before God, I repeat, I did not kill the girl."

"You remind me of Tom Tucker who got kicked out of hell for lying," shouted the state's attorney.

The sheriff entered with Grace and W. T. Hanna the girl's father. During the intensive quizzing which followed, Wyman kept his eyes glued to the floor.

Grace, the year or two younger sister of Gertrude, pointed an accusing finger at Wyman. "You did it," she said.

MORRIS EDWARDS DIES AT MANILLA

Young Basketball Player Expires This Morning After Ten Days Illness With Typhoid Fever

MANILLA GRADUATE OF 1921

Morris Edwards, age twenty years, died at the home of his parents, Mr. and Mrs. Edward Edwards, in Manilla this morning at 7 o'clock. Death came following an illness of ten days. He was afflicted with typhoid fever and respiratory paralysis developed, which combined with the fever, caused his demise.

Young Edwards was universally liked in Manilla and vicinity and was a promising young basketball player. He was graduated from the Manilla high school, where he was a star on the team, at the spring commencement last year. During the recent basketball season, he played with the Arlington Athletic club.

The deceased is survived by his parents, one sister, Miss Fay Edwards, who is an instructor in a college in West Virginia, and three brothers, Wallace of Indianapolis and Charles and Arthur of Indianapolis.

The funeral arrangements had not been completed today.

NO SERIOUS DAMAGE DONE

Another Frost During Night When Mercury Falls to 30 Degrees

Another noticeable frost took place during the night, and the mercury fell to 30 degrees, which is two below freezing, but it is not believed that any serious amount of damage resulted from the frost. Elwood Kirkwood, county observer, stated that no serious damage had resulted to the berry crop or fruit. The frost had nipped some of the buds in the highest peaks of the trees, but he is confident that there are still plenty of buds which are untouched, and unless an extremely heavy frost comes, the berries and fruit will be saved.

The weather indications for tonight and Sunday are fair and slightly warmer.

MAY COURT TERM TO OPEN MONDAY

Grand and Petit Jurors Are Selected and Preparations Made For New Term

CROWDED DOCKET INDICATED

Session Will Last Six Weeks and Court Will Then be in Vacation Until September

Everything is in readiness for the opening of the May term of court on next Monday morning, when the circuit court will convene for a six weeks session, which will be followed by the annual summer vacation until September first.

There is considerable business pushed into the term as a rule, because the court generally likes to dispose of as many cases as possible, in order to lessen the large number which accumulates during the summer months.

On Monday the morning is set aside for calling of the dockets and issues, and on account of Tuesday being election day, there are no cases set for trial.

Both the grand jury and petit jury have been selected, but it is not very probable that the grand jury will be used during this term, because it is generally convened every other term of court.

The twelve names who will constitute the regular panel for the petit jury, are as follows: Charles W. Hinkle, Frank Capp, Joel G. Carson, Lucien B. Miller, Alvan Moor and Will Indow, all of Rushville township; Elmer Spurgeon and William B. Crane, Anderson; Albert L. Canady, Washington; Elsworth Kiser, Jackson; Thomas Ertel, Center; Oliver Offutt, Posey.

The six grand jurors who are to be subject to call if needed, are Howard Mull, Walker; William M. Blackledge, Union; Jesse M. Stone, Ripley; Morrison Beaver, Greeley P. Maury and William A. Alexander, Rushville.

The two weeks of the new term are crowded with cases and unless they are continued, dismissed or compromised, the indications are that the jury will see service frequently. The following is the court calendar for the first two weeks:

- May 1—Calling docket, and issues.
- May 2—Primary election.
- May 3—Huddleson vs Huddleson; Phillips vs Stevens, est.
- May 4—State vs Archey (2 cases); Williams vs Keaton, est.
- May 5—State vs Myers; Beckett and Duncan vs Wert est.
- May 6—Moore vs Moore; Moore vs Moore.
- May 8—Henderson vs Borders; Central Co. vs Robbins.
- May 9—Marshall vs Edwards; Smith vs Pea, est. (2 cases).
- May 10—Kirklin vs Parrish; Citizens bank vs Robbins; Aultman vs Robbins.
- May 11—State, ex rel McMichael vs Drysdale; Bussard vs Robbins.
- May 12—Aberrombie vs Beaver; Smith vs Archey, est.

CANDIDATES IN THE FINAL DRIVE

Wind Up Campaign For Votes In Primary Election Which Will Be Held Next Tuesday

HUNDREDS OF ABSENT VOTERS

Everything Points to Light Vote Due to Lack of Interest—Right to Vote Defined.

Candidates were engaged today in the final drive for votes at the primary election which will be held next Tuesday. No extraordinary interest has been shown in the forthcoming election and it is not predicted that the vote will be heavy. Many farmers will stay at home, it is believed, because of the delays they have suffered in their spring work.

The precinct election officers have been appointed and the machinery is all ready for the voters to walk into the booths. Several hundred voters have taken advantage of the absent voters' law to cast their ballots in the primary, it was said at the office of the clerk in the court house. Loren Martin, the clerk, said that it was impossible to estimate anywhere near the number of ballots which have been sent out under the absent voters' law. Tonight will be the last opportunity to get an absent voters' ballot.

Election officials have called attention to a recent opinion from a member of the state board of election commissioners on the right to vote at the primary as affected by party affiliation. The opinion follows:

"Section 10 of the primary election law of 1917, holds in part that when a voter is challenged on the ground of party affiliation, he shall not be permitted to vote unless he shall make affidavit that 'at the last preceding general election he affiliated with the party for whose candidate he proposes to vote in such primary,' that he voted at the last general election for that party, and that he intends to support and vote for the nominees of this party at the coming election."

"The statute further provides that qualified voters who did not vote at the last general election, and first voters may vote after challenge if they make affidavit that they intend to vote for a majority of the nominees of the party whose ballot they have requested."

"The affidavits above mentioned, if falsely made and sworn to, would make the affiants subject to the criminal statutes of the state relating to perjury."

TO ATTEND THE STATE ROUNDUP

Two Jackson Township Boys, Richard Newhouse and Gale Oldham, Are Winners of Litter Prizes

GIVEN BY THE PEOPLES BANK

Will be Among 1500 to Take Part in Club Work at Purdue Next Week—8 Girls Also to Attend

Richard Newhouse and Gale Oldham of Jackson township, winners in the Sow and Litter and Gilt clubs respectively, will attend the State Club Roundup at Purdue next week, when approximately 1500 boys and girls who are leaders in the Hoosier club army of over 25,000 will go to Lafayette as a reward for their excellent records made last year, their trips in many cases being the prizes won.

In the case of the two Rush county boys, their expenses are paid by the Peoples National Bank and the Peoples Loan and Trust Company, who offered the trip as the reward.

Mrs. Oscar Rees will act as chaperon for eight girls who were members of the Union township Sewing Club, and the Glenwood State bank is paying the expenses of the trip for one of these winners and the Union Township Farmers' association is financing the expense of two others.

As in other years the roundup will resemble an intensive week of school work for the club members with plenty of entertainment thrown in. Judging contests for both boys and girls will be a big feature throughout the week. The girls will engage in garment, bread and canned products judging, while the boys will compete in corn, livestock and egg judging. In addition to these judging contests the girls demonstration teams will engage in a canning demonstration and a seed corn demonstration will be given by boys in the vocational class at the Stockwell High School. The Greenfield vocational class will give a potato treating demonstration. Demonstrations of various kinds relating to home making with the girls and livestock care and management for the boys have been scheduled to be given by instructors and extension workers.

Addresses will be few and far between, most of the work coming in the form of contests and demonstrations. Director G. I. Christie of the Agricultural Experimental Station, Dean Stanley E. Coulter, and Z. M. Smith, state club leader, are expected to be present.

SPRINGERSVILLE BOY THOUGHT TO BE THIEF

Morris Chambers, Age 18, is Believed to Have Stolen Automobile From John Knecht Here

DISAPPEARED LAST SUNDAY

Connersville, Ind., Apr. 29.—Local authorities believe that the automobile which was abandoned by Morris Chambers, near Henryville, Ind., 20 miles north of Louisville, Ky., last Monday, is the property of John Knecht, automobile dealer of Rushville. Chambers, who is the 18-year-old son of Mr. and Mrs. Edward Chambers of Springersville, disappeared from Connersville last Sunday and was last seen by the Henryville authorities when he escaped from the abandoned car.

According to information received here, Robert Humes, chief of the state automobile police, has traced the ownership of the car and has found that it belongs to Mr. Knecht. When the latter was told that his car had been recovered he stated that he had lost none of his cars, but a check of the stock on hand revealed the fact that one had been stolen. The state police traced the ownership of the car by applying to the factory, using the engine number. It is believed that the car was taken about three weeks ago.

No trace of young Chambers has been found, Chief Koch stated today. It is believed that he went to Louisville, Ky. The license on his machine was stolen from W. A. Nieheit of Pennville, Ind. No certificate of ownership was in the car.

The Old Richland Academy

Educational Institution Thrived from 1856 Until Civil War, When Debts and a Leaky Roof Caused Its Fortunes to Fluctuate, Due to Principal and Many Students Joining Army—Included Not Only Common Branches, But Course in Natural Sciences, Mental and Moral Philosophy.

By A. M. TAYLOR

While other institutions of the state of Indiana were taking on efficient state-wide organizations, the schools, under the ruinous idea of local self-government, struggled hopelessly with unequal lengths of term, incapable teachers, diversity of text books, and lax enforcement of school laws and school discipline. Save in exceptional cases where men of wide vision chanced to get in control, the public schools were but jokes. The churches, despairing of any relief from the public schools, attempted to solve the problem of popular education and almost every preacher became a teacher. Local sectarian seminaries or academies were erected in many parts of Rush county and the state of Indiana.

Of all the old time schools which aided in extending the fame and name of Rush county during the fifties and sixties, none, perhaps, exerted a wider influence than Richland academy. Its establishment was brought about by the Rev. A. S. Montgomery.

He was preaching for an associated reform congregation at Clarksburg and extended his field of labor to Richland township where there was a number of families of that faith. The village of Richland had been platted in December 1854 and its citizens were ready to encourage any worthy enterprise that, promised to aid the growth of their town.

A proposal to set up an academy, therefore, received prompt support and substantial aid. Stock to the amount of \$2,000 was subscribed. The Richland Academy association was organized and until a building suitable for academy purposes could be erected, school was opened in the Old Style Presbyterian church at Richland. Most of the subscribers to the project were residents of Richland township, but some were from Noble township and some from the neighboring county of Decatur.

Though steps were at once taken for the erection of the building, the academy edifice was not completed.

HALF SPRING PIGS DIED

Cause of the Deaths in the State is Not Certain, Says Bryant

(By United Press)
Indianapolis, Ind., April 29.—Half of the spring pigs in Indiana have died, this year according to George Bryant, department of agriculture representative in Indiana.
He said the cause of the deaths is not certain. Some veterinarians believe it is pneumonia. Others believe it was caused by feeding the sow too much corn containing too little protein and still others believe it was caused by feeding the sow too much protein foods.
Many of the pigs were dead before they were born.

Pictureque Sight.
One of the most picturesque sights in the world is the elephants at work in the city of Rangoon, at the mouth of the Irrawaddy river, where the logs arrive. At Rangoon the logs float in an undisturbed inlet. Here they are released from their inclosing boom chains. Then elephants take the logs out of the water and pile in the mill yards such logs as are not required for immediate sawing, and which may need to be stored for one or more years.

Things you want to know about Corona

1. Corona weighs only 6 1/2 pounds. It folds and is carried in a neat, strong case which is included with each machine.
2. Corona has all the latest improvements, such as visible writing, universal keyboard, two-color ribbon, back spacer, margin release, platen release, shift lock, paper release, marginal stops, etc.

\$2 down brings you this Corona

SEND us no money today. Simply write your name on the coupon below, and mail or bring it to the Corona store. We will then demonstrate to you, without obligation on your part, this wonderful 6 1/2-pound folding typewriter. When you have seen Corona, written on it yourself, lifted it in one hand, compared its work with that of any \$100 machine on the market, then pay only \$2.00 down and small monthly payments until you have paid \$55 in all. Or if convenient, pay \$50 cash.

Nearly half a million Coronas now in use

BUSINESS men keep Corona at home and call it their "private secretary."

Salesmen carry it on the road and save time and stenographic hire.

Doctors, lawyers and merchants use it for office work in preference to heavy "standard" typewriters. Clergymen coronatyping their sermons—teachers and professors their schedules and papers—students in every university in the land are turning in neat notes and essays since Corona came.

Women use Corona for their personal correspondence. Children are learning to do neat, beautiful coronatyping; invalids are finding it a delightful companion for the long, weary hours. Almost every well-known author, newspaper correspondent, playwright and scenario writer owns a Corona.

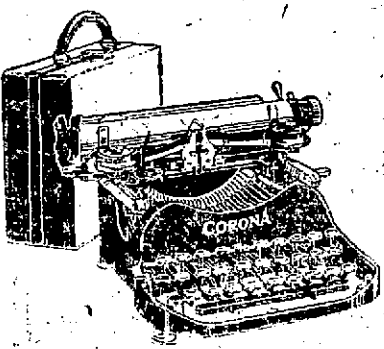

• The sturdiest of all typewriters

People who do not know, are apt to think that a typewriter weighing only 6 1/2 pounds can't be as strong as a heavy cast-iron machine.

But the fact is that no typewriter in the world has proved itself able to stand the punishment Corona has taken during its 16 years of service.

All through the war, thousands of Coronas were in use on every battle front. Almost every war correspondent carried his Corona.

The secretaries of the welfare organizations were Corona-equipped and some thirty thousand more Coronas traveled with the American Army. The typewriter for home use should be simple, sturdy, "fool-proof"—and Corona has proven that it has these qualities.

Small monthly payments

Even though Corona costs only half what you would pay for a big "heavy" machine, you need not pay for it all at once. The small monthly payments of \$5 each will hardly be missed, and, almost before you realize it, Corona will be fully paid for.

And all the time you are paying, you will have the use of Corona—in fact, you can very easily do extra work with this little typewriter which will pay for it several times over!

We are authorized distributors for the Corona Typewriter Company, and we stand behind every Corona we sell. And behind us is the Corona factory which has built and sold nearly half a million Coronas.

Free service to Corona owners

Although a Corona seldom gets out of order you like to feel that you can get service when you need it. At any Corona store you can buy your ribbons, carbon paper, etc., or have any needed adjustment made.

Every Corona is warranted and carries with it a year's free service.

Will O. Feudner at The Daily Republican

A "God's Acre" on Each Farm

A plot of ground—God's Acre—to be set aside on every Indiana farm this spring, to be planted in life-giving grain—food for the hungry babes of the Bible Lands—is a plan suggested by the state committee of Near East Relief.

"God's Acre" will be happily named according to the relief organization because the grain it produces will sustain the children of the oldest Christian nation in the world. In presenting the idea to agriculturists the relief committee announces that Indiana farmers in the recent grain appeal gave 107,000 bushels of corn to feed the starving orphans of Armenia and other Bible Lands of the Near East.

State Chairman Ed Jackson suggests that the boys and girls of the farm who sympathize with those other children in stricken lands might find it a pleasing task to de-

vote some of their time to helping cultivate "God's Acre."

To the farmers of the state Mead A. Kelsey, secretary of the relief committee, makes the following statement: "While it is sincerely hoped and expected that the condition of the adult population in the Near East will be greatly improved the coming year, 100,000 or more children will have to be cared for during the next winter and until they are prepared for self-support. This is the most important work and by far the most important in its bearing upon the future of the race we are seeking to save."

Relief headquarters, 403 City Trust Building, Indianapolis, would like to have the address of all agriculturists or others who will devote a little ground to the raising of life saving grain.

Postoffice Chicken Fans

Postoffice employees have become chicken fans.

Nights when their work is done they pour over books on poultry raising. The question that has assailed them is this: How can you keep a day-old chick alive for at least three days? Not two days, nor two days and a half, but three days. Three days is a long time in the life of a spring chicken.

From the office of the second assistant postmaster general in Washington comes the report that complaints have been coming in the sudden termination of the earthly sojourn of one-day-old chickens shipped in the mails. Now, postoffice employees have minute instructions on the anatomy of chicks—young and old. It seems that chickens demand treatment that positively has technique about it. One-day chickens, the order says, should not be fed enroute, should not be placed near hot pipes or stoves, should not be roughly handled, should not be turned bottomsides up, should not be placed in a draft.

Marie Provost at the Princess.

Marie Provost plays "the ugly duckling" for the first part of her newest Universal, "Nobody's Fool," which comes to the Princess Theatre again today. But the pest of Barton College came out of her shell-rimmed glasses under the influence of inherited wealth. And Marie Provost was never cuter, more alluring than as the social butterfly in this snappy comedy-drama of romance.

In addition to this feature picture, the patrons also will be treated to a double bill, which includes a comedy with Snooky, the human ape as the central figure and which is said to have pleased the crowds last night, when the initial showing was made.

The two acts of vaudeville which will be on the program again today are of the highest class, and those who attended last night, say that the entire program is above the average.

Cow Boys Are Now Scarce.

Reports coming from the West are to the effect that there is an increasing dearth of the genuine hard riding and tough necked brand of cowpunchers. There was a time in the memory of some of the older of movie lovers when real honest to goodness cowboys who could tell of General Custer and the old regular army battles with the Indians, were as common as house flies in the summertime.

But alas, time has taken its toll in cowboys as it has in most everything else. This dearth of range riders has been severely felt in the realms of movie makers and when Colonel William N. Selig produced the photoplay, "The Struggle" in which Franklyn Farnum is to appear at the Mystic Theatre today, he found that his greatest difficulty would be the securing of enough horsemen who could ride according to the old traditions of the plains.

At last, after scouring the ranges from the sage brush of Arizona to the ranches of the north, enough mounted men were collected together and shipped with their horses to Los Angeles where the picture was produced. The old riders of the plains were very similar to the old type of deep sea sailor in one re-

\$135,500 DUE IN TAXES

This Sum Must be Paid on Spring Installment in Two Days

With only two more days for paying the spring installment of taxes, when the county treasurer's office opened for business this morning, there was outstanding approximately \$135,500, which means that tax collections will have to average \$67,750 a day if all of the spring installment is paid.

Collections Friday amounted to \$29,287.38, bringing the total paid during the spring period to \$415,489.37. It is estimated that there was \$550,000 on the duplicates to be collected by Monday night. The treasurer's office will be open tonight and Monday night.

Queer Turns In News

New York—Detectives found little trouble in trying to oust Mrs. Bridget Coyne from a house but they are perplexed about removing her 900 chickens.

Lyndhurst, N. Y.—Jury awarded John N. Stein six cents damages in suit for alienation of his wife's affections. "I'm satisfied," he told the judge.

New York—"Put this in your hat and read it," the judge told John Burns, charged with beating his father. It was the fourth commandment.

New York—New attraction at Coney Island is a spite fence. George Robinson, theatre owner, didn't like noises coming from a bungalow colony so put up an eight foot brick wall.

New York—Mothers of five boys who played the well known spring "hookey" from school, will pay the penalty for their sons. Judge sentenced each mother to two days in the Tombs.

Detroit—"You lost a new Ford sedan?" "Yes."

"What's the owner's name?" asked the police lieutenant.

"Henry Ford, this is he speaking. The car was taken from the downtown section last night."

Chicago—"Let your conscience be your guide," was what the Rev. John Williamson, Chicago law enforcer, told girls desiring to display scanty bathing suits on Chicago beaches this year.

Owosso, Mich.—Reward of \$25 has been offered here for any one bringing in evidence of bootlegging.

Madison, Wis.—Getting married is no crime," Robert Johannot and his bride told Wisconsin University authorities today. They pleaded

for reinstatement after being expelled because of an elopement and secret marriage.

TYPICAL COAT STYLE

Out of Russia came the inspiration for this spirited coat, typical of the spring modes. It is made of a novelty mixture and its trimming is something quite new. Note that its lines are straight, its sleeves roomy and loose, its patch pockets large, its belt wide, with an original fastening, and be assured that it embodies the high points in the new styles.

Cave Man Stuff

BACK near the beginning of things, our prehistoric forebears would have perished from the earth if they had not understood the science of reading advertising.

The cavemen didn't know much about underwear, hair tonic or phonographs, but they did have to eat. The one who could follow the tracks of the game he hunted, or read the meaning of a twisted leaf or broken twig, was best off in life.

Then as now, the most consistent reader of advertising was best dressed, best fed and most contented.

There has been something of an evolution in advertising in the last few thousand years, but the principle is just the same.

The consistent reader of the advertisements is invariably best informed on what to eat and where to get it; what to wear and how much to pay for it; what to do and how to do it. He's up on the most important things in life. Consequently he gets most from life.

Throughout the ages, advertising has done much to make life livable and pleasant. We owe it much.

Let's make the most of it.

WAR MOTHERS TO BE ACTIVE IN CAMPAIGN

Will Throw Full Strength in Races To Elect Candidates Pledged to Non Militaristic Policies

TO SALVAGE THE LEAGUE

(By United Press) Indianapolis, Ind., April 29—American War Mothers will throw their full strength into the congressional and senatorial races in every state this year to elect candidates pledged to non-militaristic policies.

The basis of their plea will be to salvage the League of Nations in the United States.

"All of the allied nations are in this league except us and we feel that we are exposed to possibilities of war as long as we remain outside," declared Mrs. Alice M. French, founder of the American War Mothers, in outlining the plan here.

"We will put this most vital question up to all candidates irrespective of party affiliation."

Mrs. French and other war mothers will go into every congressional district in every state, she said. They will work among all women who had sons in fighting forces of the United States during the war, regardless of whether they belong to the organizations.

Returning recently from a tour of Europe where she conferred with foreign war mothers, Mrs. French declared they had agreed the League of Nations was the strongest instrument of peace yet devised.

OLD RICHLAND ACADEMY

Continued from Page One

till late in 1856. The course of study included not merely the common English branches, but a thorough course in the natural sciences, mental and moral philosophy, higher mathematics, language etc. Miss Ballard taught the piano. The terms of tuition were \$6 in the primary department for the same period; \$8 for classical or German, with piano, \$11 extra and guitar \$8 extra. Boarding including room, lodging and fuel, the latter either in the village or the country at from \$1.50 to \$2.50 per week. The dwelling next west of the school sheltered eight or ten young lady students and was called "The Nunnery."

The attendance the first year was 39 and steadily grew to 69 in the year 1859-60. Then the Civil War came on, spoiling all plans. When the war drums beat, Principal John McKee who had succeeded the Rev. Mr. Montgomery, laid aside his books. In August 1861, he recruited a company, which became company K. Thirty-seventh Indiana infantry, and half its members had been his students.

During and after the Civil war the fortunes of the academy fluctuated. Debt and a leaky roof seem to have troubled the trustees from the beginning almost to the end. At first salaries were paid the teachers, the salary, and part of the fees and then fees alone.

Among the successors of John McKee, as shown by the records, were Mrs. Margery A. Rankin, W. A. Pollock, the Rev. William Wright, J. C. Gregg, J. M. Craig, Robert Gracey and Robert Gilmore. The Rev. N. C. McDill, for many years pastor of the United Presbyterian church at Richland, also served as principal on two occasions to fill out unexpired terms.

On December 26, 1874, the trustees reported to the stockholders that the building was dilapidated, the furniture worn out, and the grounds almost a village common. In August, 1876, it was decided to lease the property for ten years to the township trustee. On June 24, 1884 it was decided to sell it to the highest bidder; but the sale was not effected until April 29, 1885 when the last board of trustees—D. M. McCorkle, president; James W. Anderson, Jacob Fisher, Alexander Shannon, George W. Boling and Dr. A. E. Graham, made a quit claim deed to James V. R. Fisher, township trustee, who during his term, tore the old academy down, and erected a two room public school building on the lot. The old Richland academy had served well its day and generation.

BITTER FIGHTS TO END TUESDAY

Spectacular Race of Senator Harry New and Ex-Senator Beveridge Will Close Election Day

PERSONALITY MAIN ISSUE

New Represents The Administration of President Harding and Beveridge His Own

(By United Press) Indianapolis, Ind., April 29.—One of the bitterest factional fights that ever split Indiana republicans will fade out Tuesday when the curtain is rung down on the spectacular race of Senator Harry S. New and Ex-Senator Albert J. Beveridge for the senatorial nomination.

The pre-primary campaign has been replete with exposes, denunciations and attacks. Its main issue has been one of personalities.

New's personality represents the administration of President Harding. That of Beveridge is peculiarly his own. He says "on to prosperity." New says "we're headed now for prosperity." Both say railroad rates should come down.

Beveridge says he will stand by President Harding if elected. But his campaign has been in the nature of a crusade against things existing as they shouldn't be. On the other hand, New was one of the "big guns" in the Harding campaign, a close personal friend of the president and a colleague when they served together in the senate.

A New victory would constitute a vote of confidence in the administration. A Beveridge victory would be a revision to old bull moose tendencies in the republican party and a repudiation by Indiana of the Harding regime, it is believed.

It will be the first test of how "the folks back home" are regarding Harding and his program. Politicians the nation over are awaiting the returns from the primary.

The voters here aren't excited. Politics is talked in Indiana between campaigns and during campaigns and they're used to it. They listened momentarily today, however, when Mayor Lew Shank of Indianapolis, a Beveridge lieutenant said the republican regulars had refused to allow him a single precinct man in the voting.

COMPROMISE MADE IN 2 DAMAGE SUITS

Permission Granted by Court Here to Settle Anderson Estate Suits Against Big Four

COMPROMISED FOR \$5,500

Judge Sparks has granted two petitions in the circuit court in which a compromise can be effected in two damage suits filed in the Decatur circuit court, involving the death of Mr. and Mrs. James W. Anderson and their two children, who were killed in a crossing accident near Greensburg on July 28, 1921, when the machine in which they were riding was struck by a Big Four passenger train.

John W. Anderson, administrator of the estate, and also acting as guardian for Frank and James Robert the, two surviving children, filed the petitions asking permission of the court to compromise with the railroad company for \$5,000 for the estate and \$500 for the suit filed on behalf of the children. The two suits originally demanded \$10,000 each. The trial was scheduled in that court last Monday, when the railroad company offered to compromise, and Mr. Anderson, the administrator and guardian, petitioned the court here for permission to accept the settlement, which has been granted and the two decrees made a matter of record.

the only ones booked for regular addresses.

The entertainment features will include an open house by all the engineering schools, a trip to Battle Ground where General Harrison, later president, defeated the Indians over 100 years ago. Games of various sorts have been scheduled under direction of the athletic department which come after the awarding of prizes the last day. All the boys and girls will be invited to the annual egg barbecue which concludes the Purdue egg show every year. A number of other features have been provided and the round-up this year promises to eclipse all others.

ODDS ARE FAVORABLE TO NEW IN PRIMARY

Political Dopesters Bet Eight to Ten Senator Will Carry State by Majority of 80,000

BEVERIDGE MONEY IS SCARCE

Indianapolis, Ind., April 29.—Political dopesters here are betting eight to ten that Senator Harry S. New will carry the state by a majority of 80,000 at the Republican primary election next Tuesday. As the senatorial contest draws to a close there is an increased interest noticeable and while there does not seem to be a great deal of betting being done, the odds are favorable to New. Beveridge money seems to be scarce, however, according to a number of the "dopesters" who have been looking for it.

Even money is being placed that Senator New will carry nine of the thirteen congressional districts; that he will carry sixty-five of the ninety-two counties and that he will be renominated by a majority of 50,000 over his opponent. Eight to ten is being offered that he will carry eighty counties and will win by a majority of 80,000.

PAINS SO BAD WOULD GO TO BED

Two Women Tell How Lydia E. Pinkham's Vegetable Compound Stopped Their Suffering

Iron Mountain, Mich.—"I had terrible pains every month and at times had to go to bed on account of them. I saw your advertisement and took Lydia E. Pinkham's Vegetable Compound with very good results. I can work all day long now at my sick time. You may use these facts as a testimonial and I am recommending the Vegetable Compound to my friends."—Mrs. A. H. GARLAND, 218 E. Brown St., Iron Mountain, Michigan.
Kenia, Ohio.—"Every month I had such pains in my back and lower part of my abdomen that I could not lie quietly in bed. I suffered for about five years that way and I was not regular either. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women, so I decided to try it. It surely has helped me a lot, as I have no pains now and am regular and feeling fine."—Mrs. MARY DALE, Route 7, Kenia, Ohio.
Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments. It is especially adapted to relieve women. If you suffer as did Mrs. Garland or Mrs. Dale, you should give this well-known medicine a thorough trial.

Rushville

To the Republican Voters of Rush County:

The undersigned are both candidates for renomination for the office of County Commissioner. We are now serving our first term.

It has been the party custom as far back as the memory of our oldest voters go to renominate our Commissioners for a second term. The office of Commissioner is one of great importance and the business connected therewith requires time and experience in order to become familiar with its duties.

We know of no reason why the long custom of the party should at this time be abandoned, and we respectfully ask the voters at the primary on next Tuesday, May 2nd, to give our candidacy for renomination favorable consideration.
